## Spiritual Foundations

---

***There is one God, the Lord Jesus Christ,*** and He is love itself and wisdom itself. He came down to earth in human form to save the entire human race.

***The Bible is the Lord's Word.*** Throughout the Word He speaks to us in the language of parable about Himself, our own spiritual journeys, and the world around us. Deeper insight into these layers of meanings are found in the theological Writings of the eighteenth century philosopher, Emanuel Swedenborg [www.theWNC.org](http://www.theWNC.org)

***The purpose of life is to love the Lord*** and love the goodness in other people. Living this life of charity, in faith to the Lord, means serving others, learning to break evil habits, and obeying the Lord's commandments. This life spiritually transforms us over time and prepares us for life in heaven.

***The Lord's family includes everyone*** who is trying to follow Him by living this life of charity, regardless of formal denominations, religions, and labels.
